

ADVENTZ AGRI Business (ZACL, PPL, MCFL & ZGL) is committed to sustained information security management system across the organization.

The "ADVENTZ" Group is an Indian conglomerate with global ambitions that participates in and contributes to India's economic growth and prosperity through transformational change. The Group has partnered with world leaders in various areas of enterprise which are the key drivers of the Indian Economy. It is deepening its engagement with consumers across the value spectrum with new initiatives in these areas. It is a major producer of a wide range of high-quality complex fertilizers and other agricultural inputs such as seeds, pesticides, micronutrients and specialty fertilizers.

It is well recognized that information is one of our most important asset. In an extremely competitive market, the achievement of our business goals depends on our ability to safeguard Information and ensure its "Confidentiality, Integrity & Availability".

Information Security is the management responsibility. All business heads/department heads are directly responsible for ensuring compliance with our information security policies in their respective domains and the Management Committee has the overall responsibility for the implementation and maintenance of Information Security.

Information Security is not only a management concern. Our ability to achieve high levels of information security depends on all the employees of the organization, understanding the value of Information security and appreciating that it is in their individual and collective interest to protect it in whatever they do.

All the associates are responsible to ensure "Confidentiality, Integrity and Availability" of our information assets.

ADVENTZ is committed to invest in staff awareness to continuously upgrade the security systems.
